Comments instructor or course

Professor J was concise with his work and allowed us to really gain knowledge with different scenarios he gave that put it in a real life perspective. Very good instructor
10/10

In all fairness, this course is over all pretty easy, Mr.Jalal has done his absolute best to tie the course concepts to things us students can relate to. I think he has done a great job in over all teaching, as well as responding to emails outside of both office and working hours.

He truly wanted to help us and wanted us to pass.

I found this course very information and helpful in understanding economics. Jalal did a great job making sure the whole class understood each subject and question
